

ColorBlend® Liquid Stamp Release

Description:

Liquid Stamp Release is an alternative to powder releases used for stamped decorative concrete. Product provides a fast evaporating liquid media to release the mats without sticking. Product allows to view the surface consistency prior to pressing the imprinting tools and evaporates from the surfaces without the need for removal prior to sealing. Product can also be tinted for a subtle semi-transparent transfer of coloring that provides antiquing effects. Specially suited for imprinting polymer type toppings where powder releases do not work.

Use and Installation:

Spray a consistent wet coat with a fan tipped pump sprayer over the surface and tools being careful not to splatter or pond on the surfaces. Do not treat too much of an area and exceed the capability to apply the imprints on the surface before product evaporates, re-apply if necessary.

Limitations:

Safe to use with most molds materials, always test first. Too early of an application over too soft of a surface can promote surface cracking. Product is flammable, avoid use when sources of ignition may be present.

Packaging:

Supplied in 5 gallon pails and 1 X 4 one gal. cases.

Coverage:

One gallon will treat approximately 120 to 180 Sq./Ft. depending on surface profile.

Clean-up:

Clean tools and equipment with a suitable solvent like denatured alcohol or lacquer thinner followed by soap & water.

Precautions:

Do not disposed of product into sewers, lakes, rivers or ponds. Harmful to fish and wildlife. Clean spills and dispose following local ordinances. Store containers tightly closed in a cool dry place away from heating equipment or sources of sparks and excessive heat.

Shelf Life:

After first use, one year un-contaminated in tightly sealed container.

Safety:

Keep away from flames and sparks. Wear skin and eye protection. Do not breathe vapors. Use in well ventilated areas only. Product is intended for qualified craftsmen experienced in producing the desired results.

Warranty: When product is used according to directions, warranty is limited to the refund of the purchase price if deemed defective at manufacture. This product is intended for industrial professional use by competent tradesmen. Builders Construction Products shall not be liable to the purchaser or any third party for costs of labor direct or indirect, and incidental or consequential damages related to the use or suitability of this product. No other warranties are implied. Responsible disposal of used products and packaging is the responsibility of the purchaser and or end user.
